**Dear Friends and Supporters of MS Research**

I have once again committed to ride in the **Bike MS Gateway Getaway Ride** on September 9th & 10th in Godfrey, IL. **I ride for my brother Russ** who suffers from Multiple Sclerosis, a heartbreaking disease that strikes someone new every hour of every day in the U.S. MS is a chronic disease of the central nervous system that results in an irreversible progression of disability for which there is no cure at the present time.

This letter is a special thanks to those of you who contributed to my ride in 2016. **Together, we raised over \$18,000 which is a terrific result.** I rode as the #3 top fundraiser and **will be honored to ride as #5 in this year's event.** **My fundraising goal is \$20,000.** I am asking you to please consider sponsoring me in any amount you feel appropriate. Please step up this year if you can, as the need is critical.

**Newt is ready to go!**
